**Community Service**

You will need at least 15 hours of community service completed in order to graduate. Please document your community service experience on this sheet. Remember the community service must be a supervised (by an adult), non-paid experience that involves you helping to better your community in some way. The supervisor of the experience must sign off on this paper and you must return this paper to your advisor to be placed in your portfolio. If you are unsure what activities constitute community service please consult with your counselor and/or principal prior to participating in the activity.
